## Welcome to The Dental Anesthesia Center!

### REGISTRATION:

Please complete the enclosed forms **PRIOR** to the first visit and bring them with you. We need information regarding the patient's medical diagnosis, medical history, allergies, and sensitivity to anesthetics. **Bring a separate list of medications** including over the counter. These forms are important to determine the course of treatment.

If you have dental **insurance** benefits, **please contact your insurance company prior to your appointment to determine if you can go outside of your network.** Most PPO Plans allow out of network benefits. We are happy to assist you with the submittal of your dental claims.

**We require your insurance card and driver's license. Estimated co-pay is required at time of service** with any remaining balance due upon final insurance payment. We accept cash, check, all major credit cards, CareCredit and Lending Club.

If you have any current x-rays (taken within the last 3 years) **contact your dentist and request to have the x-rays emailed to [secure@dac950.com](mailto:secure@dac950.com) at least 48 hours prior to your appointment day.**

Upon conclusion of the comprehensive exam, we will discuss the initial findings and propose a treatment plan. If unable to cooperate, the findings of the initial examination may be limited so there could be unexpected changes during treatment. We will provide an estimate of the proposed treatment recommendations and will discuss the financial requirements.

Due to the extended wait to obtain an appointment, we **require a 48-hour verbal confirmation** for all scheduled appointments. The courtesy of extending an unwanted or unneeded appointment may benefit another patient who is in need of care. **If verbal confirmation is not returned, your appointment may not be reserved.**

**Feel free to contact us if you have any questions. We may be reached at 314-862-7844.**

**We look forward to meeting you!**

## Explanation of Letter of Medical Necessity

Many of our patients have special needs that require deep sedation or general anesthesia to cooperate for dental care. Some insurance companies may consider reimbursement for sedation services for children under the age of five, a person severely disabled or a person with a medical, mental or behavioral condition.

Claims submitted for reimbursement require a **letter of medical diagnosis and necessity from your physician**. This letter must be on the **physicians' company letterhead with the physicians signature**.

Please complete this **PRIOR** to your first visit with us. You may bring it with you or it can be faxed to 314-862-4504. It can also be emailed to [secure@dac950.com](mailto:secure@dac950.com).

Below is an example of what your physician must include in the letter.

Sincerely,

Cheri Williams  
Insurance Manager
